

Redirect

Redirect từ path này sang path khác.

```
function App() {  
  return (  
    <BrowserRouter>  
      <Switch>  
        <Redirect from="/home" to="/" />  
        <Redirect from="/home" to="/" exact />  
        <Redirect from="/post-list/:postId" to="/posts/:postId" />  
  
        <Route path="/posts/:postId" component={PostDetail} />  
        <Route path="/posts" component={PostList} exact={false} />  
      </Switch>  
    </BrowserRouter>  
  );  
}
